

The Electrochemical Society – Detroit Section
Notice of Joint Meeting with Society of Automotive Engineers:
Thursday, September 10, 2009

Advanced Automotive Batteries

Joseph LoGrasso, Engineering Group Manager, General Motors Corporation
Dr. Masaki Matsui, Manager of Energy Storage, Toyota Research Institute of North America
Ted Miller, Senior Manager of Energy Storage Strategy and Research, Ford Motor Company

Moderator: *Alvaro Masias, 2008-2009 ECS Detroit Chairman*

The Society of Automotive Engineers (SAE) and the Electrochemical Society (ECS) will hold a joint Detroit Section Meeting on advanced automotive batteries. Advanced batteries pose one of the biggest challenges and opportunities on the road to electrifying the automobile. The success or failure of Hybrid (HEV), Plug-In (PHEV), and Electric Vehicles (EV) are highly dependent on their batteries. At this meeting, a group of industry leaders will come together to present and discuss the critical issues and concerns in implementing the next generation of advanced automotive batteries. A panel discussion with the speakers will follow their presentations.

Date: Thursday, September 10, 2009

Location: San Marino Club, 1685 E Big Beaver Rd, Troy, MI 48083-2032

Time: 5:30 pm Reception / 6:30 pm Dinner / 7:30 pm Presentations

Price: \$40 Members / \$55 Guests / \$15 Students. The \$40 member rate is available to ECS and/or SAE members. ECS members should indicate they are eligible for \$40 rate.

Tickets: Please order tickets from the SAE Detroit Section at:
