

ECEE 2014

Shanghai, P.R. China
March 13-16, 2014

Electrochemical Conference on Energy & the Environment

www.ecee2014.com

ECEE 2014 is the first **Electrochemical Conference on Energy & the Environment**, a major international conference that covers a unique blend of topics pertaining to energy and the environment. A joint meeting of The Electrochemical Society (ECS) and the Chinese Society of Electrochemistry (CSE), ECEE 2014 is a unique forum for the discussion of interdisciplinary research from around the world through a variety of formats, such as invited and keynote oral presentations, poster sessions, and exhibits.

Symposium topics include:

- Electrochemical Energy Storage (E1)
- Electrochemical Energy Conversion (E2)
- Electrochemical Fundamentals (E3)
- Environmental Electrochemistry (E4)

IMPORTANT DEADLINES & INFORMATION:

- ▶ Abstract Submission Deadline:
October 31, 2013
- ▶ Early Bird Registration Deadline:
February 14, 2014
- ▶ Hotel Accommodations:
Now accepting reservations
- ▶ Sponsorship & Exhibit Opportunities
are also available

For more information about the first-ever
Electrochemical Conference on Energy & the Environment,
a joint meeting of ECS and CSE, please continue to visit the ECEE 2014 website.
