AWARDS

ECS Awards & Grants Program: Call for Nominations

Through our Awards & Grants Program, ECS recognizes outstanding technical achievements in electrochemistry and solid state science and technology. ECS awards are held in high esteem by the scientific community. Nominating a colleague is a way of highlighting an individual’s contribution to our field and shining a spotlight on our ongoing contributions to the sciences around the world.

ECS Awards are open to nominees across four categories: Society Awards, Division Awards, Student Awards, and Section Awards. Specific information for each award, and information regarding rules, past recipients, and nominee requirements are available online. Please note that the nomination material requirements for each award vary.

Email questions to: awards@electrochem.org.

ECS Awards

The Edward Goodrich Acheson Award was established in 1928 for distinguished contributions to the advancement of any of the objects, purposes or activities of The Electrochemical Society. The award consists of gold medal, wall plaque, and prize of $10,000, Society Life membership, and a complimentary meeting registration.

Go to www.electrochem.org/society to learn more and start the nomination process.

Materials are due by October 1, 2015.

The Charles W. Tobias Young Investigator Award was established in 2003 to recognize outstanding scientific and/or engineering work in fundamental or applied electrochemistry or solid-state science and technology by a young scientist or engineer. The award consists of scroll, prize of $5,000, ECS Life Membership, complimentary meeting registration, and travel assistance to the meeting of the award presentation (up to $1,000).

Go to www.electrochem.org/society to learn more and start the nomination process.

Materials are due by October 1, 2015.

Division Awards

The Electronics and Photonics Division Award was established in 1968 to encourage excellence in electronics research and outstanding technical contribution to the field of electronics science. The award consists of a scroll, prize of $1,500 and expenses up to $1,000 or payment of Life Membership in the Society.

Go to www.electrochem.org/division to learn more and start the nomination process.

Materials are due by August 1, 2015.

The Energy Technology Division Research Award was established in 1992 to encourage excellence in energy related research. This award consists of scroll, check for $2,000 and membership in Energy Technology Division for as long as an ECS member.

Go to www.electrochem.org/division to learn more and start the nomination process.

Materials are due by September 1, 2015.

The Energy Technology Division Supramaniam Srinivasan Young Investigator Award was established in 2011 to recognize and reward an outstanding young researcher in the field of energy technology. This award consists of scroll, check for $1,000 and free meeting registration.

Go to www.electrochem.org/division to learn more and start the nomination process.

Materials are due by September 1, 2015.

The SES Research Young Investigator Award of the Nanocarbons Division was established in 2007 to recognize and reward one outstanding young researcher each year in the field of fullerenes, carbon nanotubes, and carbon nanostructures. This award consists of Shall consist of a certificate plus $500.00 and free meeting registration costs to help the recipient attend the ECS meeting at which the presentation is made.

Go to www.electrochem.org/division to learn more and start the nomination process.

Materials are due by September 1, 2015.
