

## AWARDS

### Fellow of The Electrochemical Society

Nominations are now being accepted for the 2004 Class of Fellows of The Electrochemical Society. Selection as a Fellow is one of the highest honors bestowed on a member of the Society, acknowledging that the recipient is distinguished by outstanding contributions to the advancement of science and technology in the areas of electrochemistry and/or solid-state sciences, leadership in the advancement of electrochemical or solid-state science and technology, and current active participation in the Society's affairs. All members are urged to give serious consideration to nominating possible candidates.

Those candidates selected as Fellows will be recognized by the awarding of a certificate and a lapel pin at the Society Honors and Awards Session at the 2004 fall meeting of the Society in Honolulu, Hawaii, announcement in *Interface*, listing as a Fellow when an author of a *Journal* or *Letters* article, and notation on the identification badge at Society meetings. Deadline for submission of candidates is January 15, 2004.

Please send your nomination forms to Steven Visco, Lawrence Berkeley National Laboratory, MS 62-203, 1 Cyclotron Rd., Berkeley, CA 94720-0001, USA, tel: 510.486.5821, fax: 510.486.4881, e-mail: sjvisco@lbl.gov.

### Charles W. Tobias Young Investor Award

Nominations are now being solicited for the Society's Charles W. Tobias Young Investigator Award. This award is intended to recognize outstanding scientific and/or engineering work in fundamental or applied electrochemistry or solid-state science and technology by a young scientist or engineer. Nominees must be a young scientist or engineer who has contributed an accumulation of outstanding theoretical and/or experimental work in the fields of electrochemistry, electrochemical engineering, or solid-state science and/or engineering. The nominee's fortieth birthday may not precede April 1 of the year in which the award is made. The award shall be granted without restriction to ECS membership status or nationality. The first presentation of this award will take place at the 2004 ECS fall meeting in Honolulu, Hawaii.

The recipient must show promise as a developing leader of research in these fields. The award consists of a \$5,000 cash prize, a certificate setting forth the reasons for the award, and lifetime membership in The Electrochemical Society.

The award criteria include, but are not limited to: significance and impact of research achievements, originality and novelty of approaches and results, advancement of scientific and engineering infrastructure, importance and impact of inventions and developed devices and technology, and potential for further growth of the individual.

Nomination forms are available from the subcommittee chairman: Bill Smyrl, University of Minnesota, Dept. of Chemical Engineering and Materials Science, 151 Amundson Hall, Minneapolis, MN 55455, USA, tel: 612.625.0717, fax: 612.626.7246, e-mail: smyrl001@maroon.tc.umn.edu.

Eight copies of each nomination must be received by the subcommittee chairman. The close of nominations is January 15, 2004.

### Oronzio de Nora Industrial Electrochemistry Fellowship of The Electrochemical Society

Nominations are now being solicited for the Society's Oronzio de Nora Industrial Electrochemistry Fellowship Award. This award, in the form of a fellowship, is given to a postdoctoral scientist or engineer for research in the field of electrochemistry. Nominees must be a postdoctoral scientist or engineer continuing research in industrial electrochemistry. The nominee's thirty-fifth birthday may not precede April 1 of the year in which the fellowship is made. This award shall be made without regard to sex, citizenship, race, or financial need.

The award will be in the form of a \$25,000 fellowship for one year, twice renewable based on successful research process as judges by the award's committee. It is intended that the recipient should feel he or she is uniquely an Oronzio de Nora Industrial Electrochemistry Fellow during the period of his or her fellowship: to that end, he or she is required to not hold other named fellowships. However, the recipient is eligible to receive additional financial support during the award period.

The award requirements include: an essay (1,000 words or less) addressing

personal interests/career goals related to the fellowship position, skills, and talents brought to the fellowship, along with a curriculum vitae, three letters of recommendation (should include letter of support from the group receiving the fellow), and transcripts should be submitted to the Society by the nominee for consideration. In addition, fellowship winners will submit a paper for publication in *Interface* upon annual completion of their fellowship to assure successful fellowship progress.

Nomination forms are available from the subcommittee chairman: Peter C. Foller, PPG Industries, Inc., 1461 Lyons Chase Circle, Murrysville, PA 15668-2627, USA, tel: 724.325.5181, fax: 724.325.5105, e-mail: foller@ppg.com.

The close of nominations is January 1, 2004.

### Electronics Division Award

Nominations are now being accepted for the Electronics Division Award, to be presented at the Society's spring 2004 meeting in San Antonio, Texas. This award, presented annually, recognizes active members of the Society who have made outstanding scientific contributions and enhanced the stature of the Society by presentation of their work in papers in the *Journal* and at Society meetings.

To be considered for this award, all nominees must be a member of the Society and have authored or coauthored more than one article in the *Journal* and/or presented more than one full paper at a Society meeting within the last five years. The award consists of a scroll and \$1,500.

Nominations for this award must be accompanied by supporting data, such as a list of publications, patents, activities, and a brief summary outlining the accomplishment on which the award will be based, and should be submitted before August 1, 2003 to the chairman of the Electronics Division award committee: G. Celler, Soitec/USA, 38 Old Oak Drive, Summit, NJ 07901 USA; tel: 908.665.8457, fax: 908.336.0564, e-mail: gceller@soitecusa.com.

### Research Award of the Energy Technology Division

The Research Award of the Energy Technology Division was established to encourage excellence in energy-related

research and to encourage publication in the *Journal of The Electrochemical Society*. The next award will be presented at the Society's spring 2004 meeting in San Antonio, TX. The award recognizes outstanding contributions to the science and technology of energy-related research areas that include scientific and technological aspects of fossil fuels and alternative energy sources, energy management, and environmental consequences of energy utilization. The Research Award, consisting of a scroll and \$1,500, will be presented at the annual business meeting of ETD during the 2004 spring ECS meeting in San Antonio, Texas, at which the winner must deliver an award lecture. Nominations for this award and the appropriate documentation should be forwarded to Prof. James M. Fenton, Department of Chemical Engineering, U-222, 191 Auditorium Road, University of Connecticut, Storrs, CT 06269 USA; tel: 860.486.2490; fax: 860.486.2959. The deadline for receipt of nominations for the 2003 award is October 1, 2003.

### Centennial Outstanding Achievement Award of the Luminescence and Display Materials Division

The Centennial Outstanding Achievement Award of the Luminescence and Display Materials Division (LDM) was established to encourage excellence in luminescence and display materials research and outstanding technical contributions to the field of luminescence and display materials science. The first award will be presented at the Society's 2004 fall meeting in Honolulu, Hawaii.

The award recognizes outstanding recent achievement in luminescence and display materials research or other significant technical contributions to the field of luminescence and display materials science. For the purposes of this award, luminescence and display materials science is defined as that area of knowledge that encompasses the physics, chemistry, and materials technology of luminescence and display materials and devices.

The Centennial Outstanding Achievement Award, consisting of a scroll and a check in the amount of \$1,000, will be presented at the annu-

al business meeting of LDM during the 2004 ECS fall meeting in Honolulu, Hawaii, at which the winner must deliver an award lecture. Nominations for this award and the appropriate documentation should be forwarded to Lauren Shea-Rohwer, Sandia National Labs, PO Box 5800, MS 0892, Albuquerque, NM 87185-0892, USA, tel: 505.844.6627, fax: 505.845.8161, e-mail: leshea@sandia.gov. The deadline for receipt of nominations for the 2004 award is January 1, 2004.

### David C. Grahame Award

Nominations are now being accepted for the 2005 David C. Grahame Award of the Society's Physical Electrochemistry Division to be presented at the Society's spring 2005 meeting in Quebec City, Canada.

This award recognizes Active Members of the Society who have made outstanding contributions to the field of physical electrochemistry and who have enhanced the scientific stature of the Society by the presentation of well-recognized papers in the *Journal* and at Society meetings.

The recipient will receive a certificate, a stipend of \$1,500, and, if required, financial assistance toward travel expenses to the Society meeting at which the award is presented. The winner of this award will be required to attend the meeting and to present an award lecture in one of the sessions or symposia sponsored by the Physical Electrochemistry Division.

To be eligible for the award, applicants must be Active Members of the Society who have published at least two papers in the *Journal* and have attended a Society meeting within the past five years.

To be considered, nominations must be accompanied by supporting documents, such as a biography, list of publications, professional activities, and a brief summary of the recent outstanding contributions on which the award is based. Letters of support by scientists well recognized in the area of physical electrochemistry will also be considered. Six copies of each nomination should be submitted to the award committee chairman: Bob Osteryoung, North Carolina State University, Dept. of Chemistry 8204, Raleigh, NC 27695-8204, USA; tel: 919.515.5486, e-mail: cherao@chemdept.chem.ncsu.edu. Deadline for receipt of nominations is October 1, 2003. ■
