

New ECS Student Chapter

ECS recently welcomed the formation of a new **ECS STUDENT CHAPTER AT THE UNIVERSITY OF CINCINNATI**, bringing the number of chapters worldwide to 11. ECS Student Chapters give students an opportunity to understand electrochemical and solid-state sciences, to have a venue for meeting fellow students, and to receive recognition for their organized scholarly activities and community services.

ECS Student Chapters hold events throughout the year to promote electrochemical and solid-state science such as guest lecture series, poster session contests, one day symposia, collaborative events with ECS Sections, among many others. If you have an interest in starting an ECS Student Chapter at your university please contact the ECS Development Office at development@electrochem.org.
