

## TABLE OF CONTENTS

### A. PFC Emissions Reduction

An Efficient, Highly Reliable Plasma Tool for PFC Abatement X. Chen, W. Holber, and M. Peter (ASTeX) .....	1
Litmas Plasma Abatement Long-Term Reliability Test V. Vartanian, L. Beu, T. Stephens, J. Rivers, B. Perez (Motorola), M. Kiehlbauch, E. Tonnisan and D. Graves (University of California at Berkeley) .....	9
Optimization of a C <sub>2</sub> F <sub>6</sub> Clean for an Applied Materials' TEOS PECVD Process: Reduced PFC Emissions and Faster Clean Times A.D. Johnson, W.R. Entley, R.N. Vrtis, J. Langan, P. Maroulis (Air Products and Chemicals, Inc.), C.M. Chen, C.T. Chen, Y.C. Chang and O.H. Yam (Taiwan Semiconductor Manufacturing Co., Ltd .....	21
Chamber Clean Optimization for Silicon Carbide Films Using C <sub>3</sub> F <sub>8</sub> in a Novellus Concept One PECVD System C. Beatty, K. Sonti, J. Williams (Hewlett-Packard Company), L. Zazzera, L. Tousignant and S. Kesari (3M Chemicals).....	33
Evaluation of the Applied Materials Remote Clean™ Technology for Lamp Heated CVD Chambers for Perfluorocompound (PFC) Emissions Reduction L. Mendicino, C. Nauert, J. Flood, P.T. Brown (Motorola), A. Atherton, T. Nowak, and D. Silveti (Applied Materials) .....	42
<b>B. Process Emissions Characterization</b>	
High Pressure Sampling Mass Spectrometry of Semiconductor Tool Process Emissions V. Vartanian, B. Baker, J. Arnold (Motorola), S. Quarmby (Thermoquest Finnigan Corporation) and M. Platt (Leybold Inficon) .....	52
Air Monitoring and Odor Elimination in a Semiconductor Photolithography Area P.T. Brown, M. Villars, A. Sevier, D. Kaczmarik, and L. Mendicino (Motorola) .....	63
Continuous Real-Time Detection of Molecular Fluorine (F <sub>2</sub> ) Emitted as a By-Product Of CVD and Etch Processes C. Laush (URS – Radian Electronic Systems), V. Vartanian, L. Mendicino, and P.T. Brown (Motorola) .....	72
Point of Use Abatement for CVD Precursors and Reaction Products L. Mendicino, P. Brown, V. Vartanian, K. Reid, (Motorola), and J. Van Gompel (BOC Edwards) .....	82

FTIR Analysis of a New High K Gate Material for MOCVD Applications  
K. Reid, L. Mendicino, V. Cole, P. Brown, and V. Vartanian (Motorola) .....89

**C. Alternative Clean Processes and Water Usage Reduction**

Manufacturing Qualification of an All Dry DeVeil Plasma Process  
D. Dopp, L. Mikus, and A. Horn (Motorola) R. Bersin, H. Xu,  
and M. Boumerzoug (ULVAC Technologies, Inc.), ..... 100

EHS Concerns with Ozonated Water Spray Processing  
K. McCormack, K. Barbee, and V. Vartanian (Motorola) ..... 108

An Environmentally Benign BEOL Clean  
K. Shrinivasan, K. Reinhardt, and A. Shimanovich (GaSonic International),  
and P. Sadkowski (BOC Edwards) ..... 122

Reduction of De-ionized Water Usage in Photoresist Stripping Processes  
T. Kamal and D.W. Hess (Georgia Institute of Technology) ..... 133

Microbial Control in Ultra-pure Water During Ultra-low Flow Conditions  
K. McCormack, B. Hoyt, and J. Molloy (Motorola) .....143

**D. General Technologies**

Addressing the Environment, Safety and Health Challenges of the 1999 International  
Technology Roadmap for Semiconductors  
L. Mendicino and S. Gibson (Motorola) ..... 150

Risk-Based Evaluation of Bulk Anhydrous Hydrogen Chloride Delivery Alternatives  
Used in the Semiconductor Industry  
C. Nauert and P.T. Brown (Motorola).....160

Copper Removal from Chemical Mechanical Polishing Effluent  
C. Riley, J. Filson (USFilter Recovery Services, Inc.), L. Mendicino, and  
P.T. Brown (Motorola) ..... 174

The Environmental Value Systems (ENV-S) Analysis: Application to CMP Effluent  
Treatment Options  
N. Krishnan, S. Thurwachter, P. Sheng (University of California, Berkeley),  
and T. Francis (Applied Materials), ..... 185

Development and Implementation of an ISO Modeled Environmental, Health and Safety  
Management System  
P.T. Brown, L. Mendicino, T. Nasi, T. McCay, and R. Reblin (Motorola) .... 197

Safety and Environmental Concerns of CVD Copper Precursors B. Zorich, J. Norman, and M. Majors (Schumacher) .....	209
Treatability of Chemical Mechanical Planarization (CMP) Wastewater P.T. Brown, B.J. Davis, (Motorola) and S. Sue (University of Texas) .....	213
